

PUBLIC NOTICE

As part of our mandate to mobilize, administer and monitor climate finance to support the delivery of a Green Economy, the National Fund for Environment-FONERWA in close collaboration with its partners has launched a dedicated platform to build and accelerate green businesses – *"The Incubator and Accelerator Program"*.

The Incubator and Accelerator Program aims at incubating start-ups and accelerating scalable ventures with an effort to deliver on the nation's climate agenda while creating quality jobs through scalable business models, contributing to pillars of Rwanda's Green Growth Strategy.

Individuals, companies, and other private sector players that have an idea, product, business, or line of business in any of FONERWA's key sector priorities are encouraged to submit their applications. This call for proposal will be open **from 29th, October 2021 - 25th November 2021**.

For more information, visit our website: www.fonerwa.org and access the application form as well as other application guiding documents.

Sincerely,

Teddy MUGABO MPANZIMA
Chief Executive Officer
National Fund for Environment- FONERWA
